CONDITIONS OF SALE – ROSCREA 2022

1. Without prejudice to the foregoing rules it is hereby expressly declared that the seller by selling and the buyer by purchasing shall be bound by the rules notwithstanding the terms of any statutory enactment or custom or trade to the contrary.
2. The auctioneer is judge of the sale to whom all disputes or differences of any kind which may arise at or in relation to the auction either between the seller and the buyer or amongst the bidders themselves shall be referred and his decision shall be final and binding on all parties.
3. Any dispute as to any matter of the settlement of which no provision was made in these rules shall be referred to an arbitrator to be appointed failing agreement between or amongst the parties by the auctioneers and the decision of the arbitrator so appointed shall be final and binding on all parties to the dispute. Any arbitrator under this clause shall be subject to the Arbitration Act for the time being in force.
4. The highest bidder to be the buyer and if any dispute arises between the bidders, the lot in dispute shall immediately be put up again and resold.
5. The purchaser must give his name and address in writing and pay the full purchase price for each lot at the fall of the hammer. (if required). In default of which the lots so purchased may immediately be put up again and resold.
6. No lots shall be removed from the premises until paid for in full.
7. All sheep offered for sale must be accompanied by a Registration Cert
8. Sheep will be sold in catalogue order.
9. Any sheep found to have an artificially blackened head, or a positive blood test for positive substances will be disqualified from the sale and must be returned to the trailer.
10. Purchasers and vendors to understand that, although every reasonable precaution will be taken to ensure the safety and welfare of the animals, the Auctioneer and the Irish Suffolk Sheep Society will not be responsible for loss or accident of any kind that may occur.
11. Should any question arise not provided for in the foregoing conditions, the decision of the officers of the Irish Suffolk Sheep Society will be final, from which there shall be no appeal.
12. Terms: all sheep sold in Euros plus 5% commission. No rams sold under €350.00. Ewe lambs €300.00. No bid under €20.00.
13. All shearlings must have been shorn in 2022.
14. Prospective buyers must satisfy themselves fully through inspection of that lot before making a bid and thereby accept the lot as it stands.
15. A red dot must be clearly marked on the shoulder of any substitute sheep.
16. All lots on the market from the 1st bid. When the Auctioneer's hammer falls, the vendor may accept or refuse the lot. The Vendor must say "yes" or "no" to the final bid before he/she leaves the ring.

Notes

Irish Suffolk Sheep Society

Suffolks bred by Irish Farmers for Irish Farmers

The Irish Suffolk Sheep Society is once again holding their **Annual Premier Show & Sale at Roscrea Mart on Saturday 6th August 2022** and are **delighted to present 70 Males and 40 females for sale on the day**, these include Suffolks from all four provinces offering an excellent mix of blood lines.

The aim of Irish Suffolk Sheep Society is to breed Suffolks that are immensely profitable for farmers, especially commercial farmers. Being mindful that there are 35,186 flocks of sheep including 2.56 million breeding ewes over 12 months-of-age spread across the 26 counties it is important that these flocks are catered for.

The Irish Suffolk Sheep Society focus on profitable traits that ultimately puts money in farmers' pockets. Suffolks have many desirable traits which include, they are the number one terminal sire in Ireland; they have superior growth rate; they have outstanding fleshing ability which is so important to the commercial breeder; their long carcass means they give excellent cuts with extra meat. They reach slaughter weight faster than other breeds. Suffolk ewes have a high milk output and they are an excellent cross on other maternal breeds as well as fast finishers; a trait that is all so important to the commercial breeder in a world where the cost of inputs has soared. A large amount of the Suffolk market is held by non-registered breeders and this is where we, the Irish Suffolk Breeders, have identified an opening as we produce Suffolk ewes and rams that the market wants and needs, with less head and bone and more emphasis on carcass traits. We are working diligently and very successfully to continue to raise the profile of the Suffolk sheep at local, regional and national level.

A high number of sheep on offer at our sale, on 6th August, are Sheep Ireland Recorded and genotyped. Every purchaser will be assured of the breeding of their purchase as each animal offered for sale on the day carries its own Zootechnical Certificate produced from Sheep Ireland

database; this is also a requirement laid down by the Department of Agriculture Food & the Marine.

Saturday 6thAugust is the date, **Roscrea Mart** is the place to be, to secure your fully Registered Purebred Suffolk, male or female; where we, The Irish Suffolk Sheep Society are once again holding our Premier Show and Sale. **Judging at 10.30am.** We are honored to have Cairns Witherow from Donegal, as our judge; a judge with a vast experience and knowledge of Suffolks; Cairns set up the very successful Ardvarnock Flock in 1978, taking over 40 years of Suffolk experience to the judging ring.

Sale commences at 1.00pm and we are delighted as always to welcome George Candler back as our Auctioneer. Roscrea Mart has hosted very successful Suffolk sales for over 20 years and is a very popular venue for both buyer and seller with most helpful staff under the watchful eye of Manger Michael Harty.

Vouchers towards the purchase of either Suffolk males or females are available to repeat and new purchasers on the day of the sale.

For further details please contact The Secretary, Anne Mitchell 086 2428554 or annemitchellcross@gmail.com.

€uroStar Evaluation Explanation Page

Important: The Pedigree Information printed in this catalogue is as supplied by or on behalf of the breeder. The responsibility for the accuracy of the information therefore rests solely with the breeder and not Sheep Ireland.

Evaluations should **never be the only tool** you use when selecting animals for breeding. Animals must also be examined to ensure the animal is also physically correct; an animal that is not physically correct (ie. mouth, feet, etc.) cannot compensate for this fault regardless of its evaluation and should be avoided for breeding purposes. See below how to interpret the €uroStar catalogue.

★★★★★ €uroStars – How to interpret them

- Each star represents where the animal ranks on each index in 20% bounds
- **One star** represents the **bottom 20%** of the breed for that trait
- **Five star** represents the **top 20%** of the breed for that trait
- The higher the stars, the higher the predicted profitability of that animal

Animals that only have the outline of a star represent animals that have within flock evaluations, this means the star rating of these animals cannot be compared to any other animals from a different flock.

Rank

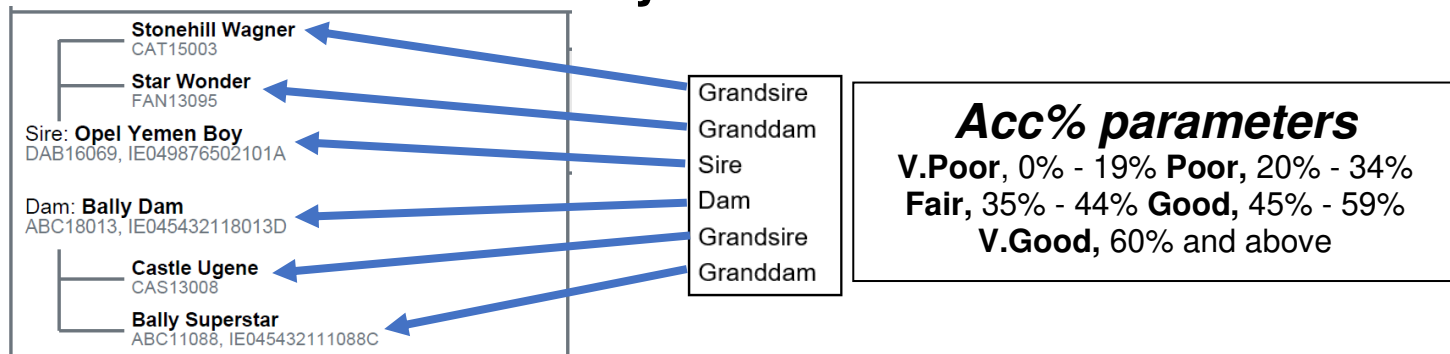

- This figure indicates more precisely where the animals rank within the breed. eg. Top 16% (see example below)
- This is displayed with a shaded line, the further to the right these are on the scale, the better its position within the breed.

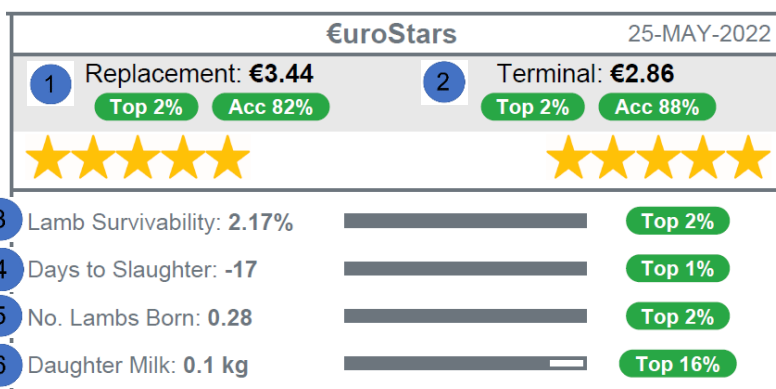

Acc% (Accuracy%)

- This figure is very important as it represents the amount of data behind each evaluation. Where Acc% is low, much less emphasis should be placed on the evaluation, and vice versa.
- Accuracy is displayed for the Replacement & Terminal Indices. It is not displayed for the four sub-traits. If an animal has high accuracy on Replacement & Terminal, it will be high accuracy across all traits.

Ancestry Information

- 1) Replacement (€3.44)** – If a farmer desires a ram to breed both lambs both for slaughter and replacement ewe lambs then they should select a ram based on this index. The bulk of this index is a combination of Lamb Survivability, Days to Slaughter, No. of lambs born & Daughters milk. The € value beside the index represents the difference in profit that each lamb sired from this ram will have. This € value is an across breed value, so different breeds can be compared to each other.
- 2) Terminal (€2.86)** – If a farmer desires a ram to breed only lambs for slaughter then they should select a ram based on this index. The bulk of this index is a combination of Lamb Survivability and Days to Slaughter. The € value beside the index represents the difference in profit that each lamb sired from this ram will have. This € value is an across breed value, so different breeds can be compared to each other.
- 3) Lamb Survivability** – This ranks animals based on lambing ease and lamb survival rate. Every positive % point on this index is an extra lamb surviving to 40 days and vice versa.
- 4) Days to Slaughter** – This ranks animals on their genetic ability to grow. The index associated with this trait represents the difference in the predicted number of days required for the progeny of this ram to reach the desired slaughtered weight compared with other animals of the same breed.
- 5) No. of Lambs Born** – This ranks animals based on the predicted prolificacy of the females from this animal compared with other animals of the same breed.
- 6) Daughters Milk** – This ranks animals based on the predicted milking performance of their daughters compared with other animals of the same breed.

RamSearch.ie

The Sheep Ireland Online Ram search is also available at ramsearch.ie, you can use this tool to get the most up to date evaluations for a ram, to **search for rams by county, breed and current evaluation ratings**.
